

I would like to respectfully submit my objection to the position of the Consumer Banker's Association with regard to Wisconsin's No Call List. As can be evidenced by the number of homes listed on the Wisconsin No Call List, Wisconsin residents are in support of the legislation passed by the state. The federal government should not be allowed to usurp the right of the people of Wisconsin to decide whether or not a phone service that we pay for can be utilized by a company for unsolicited sales. Please respect the privacy rights and self governance rights of the residents of Wisconsin by allowing our No Call List legislation to stand.
